SUMMARY

Entry-level Full Stack Developer skilled in frontend development using React.js, JavaScript, HTML5, and CSS3, with basic backend knowledge in Node.js and REST API integration. Built multiple real-world projects including UI clones, portfolio websites, and task management applications. Strong foundation in problem-solving, debugging, and modern web development practices. Actively learning backend systems and deployment technologies.

EDUCATION

St.Peters College of Engineering and technology <i>Btech in Information Technology</i>	2023 - 2027
	CGPA: 7.74/10
Kumaramangalam , Namakkal <i>Government High Secondary School</i>	2022 - 2023
	75%

INTERNSHIP/TRAINING

Frontend Developer <i>Elite Tech Compan , Remote</i>	Dec 2024 - Jan 2025
<ul style="list-style-type: none">Completed a 4-week Frontend Internship focused on real-world web application development.Built responsive and interactive web projects using HTML5, CSS3, JavaScript, and React.js.Developed and deployed multiple projects including a To-Do App, Tribute Page, and Portfolio Website.Applied modern UI/UX principles, responsive design techniques, and component-based architecture.Improved frontend performance, code structure, and development workflow.	
Software Developer Intern <i>BlueStock</i>	May 2025 - Jun 2025
<ul style="list-style-type: none">Developed a full-stack web application using the MERN stack (MongoDB, Express.js, React.js, Node.js).Built RESTful APIs using Node.js and Express.js for backend data handling.Managed application data using MongoDB with proper data modeling.Designed responsive and user-friendly UI using React.js and Bootstrap.Implemented full end-to-end frontend and backend integration.	

PROJECTS

Netflix Clone <i>HTML, CSS, JavaScript, React, Node.js, Express, Firebase</i>	Jun 2025 - Jul 2025
<ul style="list-style-type: none">Developed a full-stack Netflix clone using React, Node.js, Express, and Firebase.Implemented secure user authentication and dynamic content rendering.Built reusable React components for scalable frontend architecture.Designed responsive UI optimized for mobile and cross-browser compatibility.Integrated Firebase authentication and real-time data handling for seamless user experience.	
Personal Portfolio <i>React , Express/Node.js , Tailwind Css</i>	Nov 2025 - Dec 2025
<ul style="list-style-type: none">Designed and developed a modern, responsive personal portfolio using React and Tailwind CSS.Implemented reusable React components for scalable and maintainable UI architecture.Applied responsive design principles for cross-device compatibility.Improved user experience through smooth animations, optimized layout structure, and clean UI design.	

TECHNICAL SKILLS

Languages: JavaScript, HTML5, CSS3, Java, Python (Basic)

Frameworks: React.js, Tailwind CSS, Express.js

Developer Tools: VS Code, Git, GitHub, Chrome DevTools, Postman, Firebase, Vercel, Netlify

Libraries: React, React Router, Tailwind CSS, Express.js, Firebase SDK, Axios
